Robert Helwig GmbH

That's we, the Berlin Robert Helwig GmbH

We are a genuine, traditional company from Berlin, in the 3th Generation and established since 1st of May 1918. We produce 100 % of our products in our traditional location in Berlin-Kreuzberg, done by 18 employees. We are a young and young-retarded team, an ambitious company with a high willingness for challenges and development.

We are successful, because of special precision of our products as maintaining our values and tradition since nearby 100 years. Highest safety of our products is our heart, safety for our patients and users. Since 1996 we have been successfully certified according to ISO 13485 and were once pioneers of this quality characteristic in Berlin.

In addition to veterinary products, we also produce high quality products for:

- human medicine
- food industry
- automotive
- filling technology

Our quality promise is to deliver the highest quality of customer satisfaction highly functional products with zero defects.
